

US Commission No. SLCE000019

Konus is located in Michalovce, NE of Sobrance. The flat and isolated rural/agricultural cemetery location has no sign or marker. Reached by crossing a public field, access is open to all with no wall or gate. 1-20 granite 20th century finely smoothed and Hebrew inscribed stones tombstones are in original locations. The cemetery is used for waste disposal. Properties adjacent are agricultural. Private visitors visit occasionally. There had been stone cleaning but no care now. Vegetation is a serious threat.
